INSTRUCTIONS:

1. Learn the included music excerpt. Select the part that you feel most comfortable singing. If welcomed to Ensemble, **you may be moved to another part** depending on the number of singers that we have.
2. Set aside about 30 - 60 minutes to learn the music.
3. You may use a piano to work out your part, but no one else may help you.
4. When you are ready, record yourself singing your part. You do not need to include yourself in the video, just your voice.
5. Don't worry about singing the excerpt perfectly! It is important for the directors to understand your ability level. We're happy to see students that give their best effort for God's glory! Just do your best.
6. TEXT your audition recording to the Mrs. Mangle at 253-709-7276. Emailing a video link is also acceptable at: cantatecarriejo@gmail.com.
7. The director will get back to you as soon as possible.
